Michigan State University*

Rising star speakers.

Hear the journey of two young professionals making their mark in the field of electrification.

About The Young Professionals Networking Reception

Calling all young professionals, as well as anyone interested in networking and working with the next generation of innovators in electrification! IEEE PELS and IAS have sponsored a Young Professionals Networking Reception. Listen to rising stars, network with young professionals about their experience, enjoy food and refreshments, and relax after a long day of sessions! Cruise begins loading at 6PM, departs at 7PM, and returns at 9PM.

NOTE: Attire is business casual. RSVP is required and can be indicated during the registration process. First come, first served and attendance is limited to Those who are students or have been in industry ten years or less are welcome to attend."
