MEET RASHMI TUMKUR

In her current roles she acts as both Engineering Director and Regional Product Group Owner for Occupant Safety Solutions.

With a background in software, hardware mechanics and sensors she is responsible for the development of state-of-the-art systems and solutions, driving innovation in airbag safety. Prior to her 18 years at Bosch, she worked in the aerospace industry as a software engineer. Rashmi has a Masters in Computer Engineering from Univ of Michigan Dearborn, and currently serves as FIRST Robotics steering committee member and Visiting Committee Industrial Advisory Board of the College of Engineering and Computer Science at UMD.
