File Transfers Using FTP

Instructions for WindowsOS

1. Launch File Explorer.

(if the shortcut is not set on the desktop, search for File Explorer in the Start Menu).

2. Type ftp://ftp.resexpo.com/ into the address bar.

 Press enter and a window will appear asking for authorization/credentials. Enter username resnet resguest and password Ro\$e4FTP.

You are now able move files into the FTP as you normally would. Please notfiy Chris Sowa at csowa@rosemontexpo.com when files are shared.

File Transfers Using FTP

Instructions for MacOS

1. Launch Finder.

2. Click Go and scroll down to Connect to Server (alternatively, use the shortcut command+K in Finder).
